

Vincent Maximus

Age 20

Content creator, Developer, Illustrator
& Photographer

About

Hi, I'm Vincent my directive is to help usher more good ideas into this universe.

I am a creative, artistic and ambitious Graphics Designer and Programmer with a longing desire to design, which stems from my affinity for order and geometry. Due to my attention for detail, I am constantly absorbing ideas from everyday life. Currently I study ICT, at Fontys. I am passionate about the work I can do to satisfy clients and seeing the positive impact I create for people's lives and business.
